## Markel Explains Price List For Annual Bachelor's Ball

Admission prices for the Bachelor's Ball, to be held at the Lake Norconian club Nov. 23, were today announced by Al Markel, Bachelor president.

Bids are now on sale at \$1 each, Markel stated, and if both members of the couple are Associated Student ticket holders, this will be the only charge.

Non-Associated student ticket holders will be charged 25 cents extra at the gate as will all alumni, Markel explained. This will bring the price up to \$1.25 if one member of the couple is non-A. S. member or an alumnus, and to \$1.50 if both are non A. S. members or alumni.

Outsiders will be charged 50 cents extra. As one member of the couple MUST be a junior college student, this will set the price for couples falling under this category at \$1.50.

Only \$1 will be charged for the bid as it is purchased from Bachelor members and pledges here, and the extra assessments will be levied at the gate, Markel continued.

A nine-piece orchestra from Long Beach has been secured for the event and will have a special vocalist to sing.

## Twenty Engineers To Make Journey

Twenty members of the local chapter of the American Association of Engineers will embark on a three-day journey to the Metropolitan Water aqueduct on Nov. 29, Charles Roemer, president of the organization, said here today. Last year, the group travelled to Boulder dam.

Col. S. H. Finley, secretary of the aqueduct board of directors, will conduct the men through a tunnel of the huge engineering project and will explain the complexities of it, Roemer stated.

## Additions To Library Number 600

Approximately six hundred new books of all fields in literature have been added to the Jaysee library, it was revealed today by Miss Lilian Dickson, librarian.

"We are attempting to build up our reference shelves and add to our list of cultural and recreational reading," Miss Dickson said. "There are a few duplicates of books we already have in different numbers."

## El Don Reporter Interviews Joe E. Brown at Gridiron Tilt

By Walt Bandick

Joe E. Brown, the famous Hollywood comedian who is the idol of young America as matinee box office receipts show, was a very different man from the usual gay "Joe" at the U. C. L. A. Frosh game Friday night at the bowl. I sincerely believe that there was no rooter in the entire audience who was more serious and had his heart more in the game than Joe did. Brown is literally the "godfather" of the U. C. L. A. team.

### Travels With Team

"Yes, sir, I go with this team whenever they play," said Joe. "And I sure get a kick out of it, although I never played the game myself except on the screen. It's one of the things that I missed when I was young, I guess."

He continued after a little more questioning on the part of the

Interview Interrupted  
Since the interview was being interrupted more and more by the enthusiastic screen rooter who called to his "boys" by their first names urging them on, this reporter thought it time to retreat, when Brown suddenly offered the only bit of information of the evening without being quizzed for it.

"That's my son on the team. No. 6," Joe said, endeavoring to hide (Continued on page 4)

## Special Price For Theatre Party Announced

According to information released today by Bill Dolan, a reduced price of 25 cents has been obtained from the management of the Fox theatres for the gala theatre party to be held in conjunction with the annual Fullerton game rally Wednesday, Nov. 27.

Negotiations with Les Fountain, manager of the local unit, resulted in the reduced price for junior college students. The only restriction to this is that the tickets be purchased the afternoon of the special performance. No tickets will be sold to junior college students at the reduced price after the box office has closed for the afternoon's feature.

The center section of the theatre has been reserved for junior college rooters and time will be given between shows for "Gus" Gilbert and Johnny Henry to lead yells from the stage.

## Service Clubs Will Sponsor Booths At Fair

Unique entertainment, dancing, and refreshments, sponsored by the various jaycee clubs, will comprise the scheduled events of the Penny fair on Dec. 6, stated Harris Warren, president of Los Gauchos and chairman of the fair committee.

Admission to the fair will be five cents with every other feature of the fair costing one penny. The gates of the fair will open at 7 p. m. and close at midnight.

An instructor of the national guard will explain the different types and workings of machine guns, bombs, and other equipment used by members of the national guard, Warren revealed.

Each club is urged to give its ideas for their booth to Kenneth Nissley, head of the booth committee, immediately.

## Snapshots For Del Ano Should Be Turned In Soon

Edna Wilson, Del Ano editor, announced that snapshots for the year book should be turned in as soon as possible either to herself, to Charlotte Mock, or to Clifford Lee. She added that the snaps could be of student activities and recreations of students either off or on the campus.

## Outsider's Names Must Be Passed By Board

All persons wishing to bring outsiders to the Bachelor's Ball are requested to appear before the College executive board in room CH 108 at 3:30 this afternoon to submit the name of their guest for the board's approval.

This must be done as a check-up will be made at the door and those whose names are not on the list will be refused admission.

Students are also reminded that no corsages will be allowed at the dance. This action is in accordance with the executive board ruling made earlier this semester.

## Lab Demonstration Slated to Be Held Here This Afternoon

This afternoon at 1:30 the curtain will go up on one of the most interesting practical demonstrations ever conducted on Santa Ana junior college's campus, it was announced today by H. O. Russell, physics instructor.

## Deadline For NYA Report Set For Monday, Flint Says

Students working under the National Youth administration are asked by Calvin C. Flint, local director, to hand in their weekly time reports on Monday of each week instead of Friday, as previously announced.

These reports must be accurate and filled out completely including the type of work performed each day, time spent each day, and total time at the end of the week. Signatures of both the student and the project director or supervisor of work must accompany each report. After the project director has signed the report, no further hours are to be added. There has been placed in the office a special box to receive the cards.

Students working under the new set-up are requested to hand their time reports in promptly so no time will be lost in making out their checks.

## Y.M.C.A. Plans For Christmas Program

Plans for a Christmas program to be put on by the Y. M. C. A. were discussed today in the 'Y' by the members of the executive board of the club, revealed by Mr. Herbert Thomas, boy's secretary.

The Christmas program might be held in conjunction with the Y. W. C. A. with the program consisting of plays, songs from the glee clubs and an added attraction.

The officers for the club elected at a previous meeting are Paul Christ, president, Kenneth Nissley, vice-president, Bob Kelly, secretary, and LaVern Brower, treasurer.

On Monday, November 18, will be held the next executive meeting, to decide definitely on the subject for the next meeting of the club on November 25.

Taking place in the physics laboratory in CH 8, the experiment will be conducted by chemists from the Union Oil company of California. The demonstration will show how oil is refined from petroleum. Mr. Russell stressed the fact that this performance will not be a motion picture, but will actually be performed in the laboratory with equipment brought by the company's chemists.

As only 80 persons can be accommodated tickets will be necessary for admission. Those persons interested in attending the performance are cautioned to see either Mr. Russell or Miss Etta May Conkle as soon as possible in order that they may obtain tickets.

The lecture will last for two hours, Mr. Russell concluded.

## Astronomers Will Visit Planetarium

Plans for an astronomy trip to the Griffith park Planetarium, Los Angeles, Wednesday, Nov. 27, were completed in today's class period, Mrs. Jennie L. Tessmann revealed.

The trip will start at 2:30 p. m., and it will be conducted by Prof. Moore, connected with the University of California at Berkeley. The students will study the moon, sun, and the numerous constellations.

The annual monthly lecture will be given the same afternoon on the subject Building Blocks of the Universe.

Mrs. Tessmann will appoint a transportation committee, to provide a way for those who have no way to get up there. The cost of admission will be 25c per student.

## Assembly Will Feature Miss Imogene Warder

Sponsored by the Womens' Athletic Association, the assembly for Tuesday, Nov. 19, will feature a travel talk by Miss Imogene E. Warder, of the world at large.

The talk will be illustrated by several folk-dances representative of the countries mentioned, given by members of the freshman gym classes. A trio, composed of Marjane Belcher, Agnes Brady, and Bonnie Wilson, will entertain with popular songs.

## Birthday of First California Governor Celebrated Today

By Mary Knoche

When California was admitted into the Union, Peter H. Burnett was governor. He had been chosen at the election of Nov. 13, 1849 and had been inaugurated at San Jose on Thursday, Dec. 20, of that year.

Burnett was born at Nashville, Tenn. on Nov. 15, 1807. His father, a carpenter by trade, was a native of Virginia and they later moved there. In 1828 he married and undertook to conduct a country store on his own account, but he failed and took up the study of law. In 1833 he was admitted to the bar and after several years of practice he was in 1840 appointed district attorney of his judicial district and he continued as such for three years.

### Goes To Oregon

On May 22, 1843 Burnett and his family joined the emigrants to

When finally the people of the state we now know as California set up their constitution he was elected as the first governor of their state. He served them for many years but on Jan. 9, 1851 to the surprise of nearly everybody he sent to both houses of the legis- (Continued on page 4)

## College Comment

BY JOHN RABE

Adequate executive board legislation this week nipped in the bud any talk by football men of not working out their student tickets to the full extent. All potential lettermen would do well to read the minutes of the last meeting now posted in the Associated Student office.

Some gridders seemed to think that they were going to receive their two-year sweaters without the expenditure of any effort or time on their part. The Board of Education has provided for the boys and it will be up to them to abide by the rules set down by the Board before they can receive their sweaters.

One provision, proposed and passed by the Board, said: "That this year's two year football lettermen must have at least \$2 worked out on their student tickets before they will be eligible to receive their sweaters." This means that all men who earned numerals last season must pay for that sweater they aspire to have given them.

Some chiseling pigskinners have been speaking of not working out their tickets. If they really want their sweaters they will work out their tickets to the extent prescribed. In any event the Associated Students cannot lose. Coming or going, the football men, MUST do their work.

A provision was also passed that will take care of all freshmen, or one-year lettermen, who talk of dropping out of school without paying for their ducats. To wit: "Any one-year football lettermen must have his first semester book completely paid for (\$4.00) before he will be eligible to receive a sweater when he is a two-year lettermen." So when one football man speaks of quitting school he has one dozen crafty minds to contend with before he can effect a dismissal without pecuniary loss to himself.

## About Fullerton

All we can say about those accusations leveled at us by the staff of the Fullerton WEEKLY TORCH is that last week our Circulation Manager sent FIVE copies of El Don to the inland city. So, after all, the blame all rests on Uncle Sammy. And that is just where the Republicans would put it.

## Student, and Other Relief

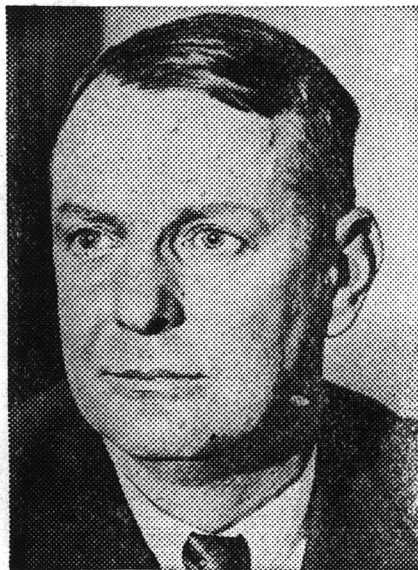

One of our most ardent supporters tells us that all men are created free and equal except those who are lucky enough to get on relief. And this is just about right when one stops to consider the soft jobs now offered almost everyone by F. D. R. and his cohorts.

## ADVISED TO RESIGN

Dr. Theodor Lewald, president of the German Olympic committee, who was advised to resign by former Supreme Justice Jeremiah T. Mahoney, president of the Amateur Athletic Union of the United States, following the union's investigation of Germany's pledges not to discriminate against Jewish athletes. Lewald, whose religious status is that of a "Non-Aryan Christian," is looked upon as a screen by Mr. Mahoney "to conceal his government's most flagrant violations of the Olympic ideal of fair play for all."

## SECURITY DIRECTOR

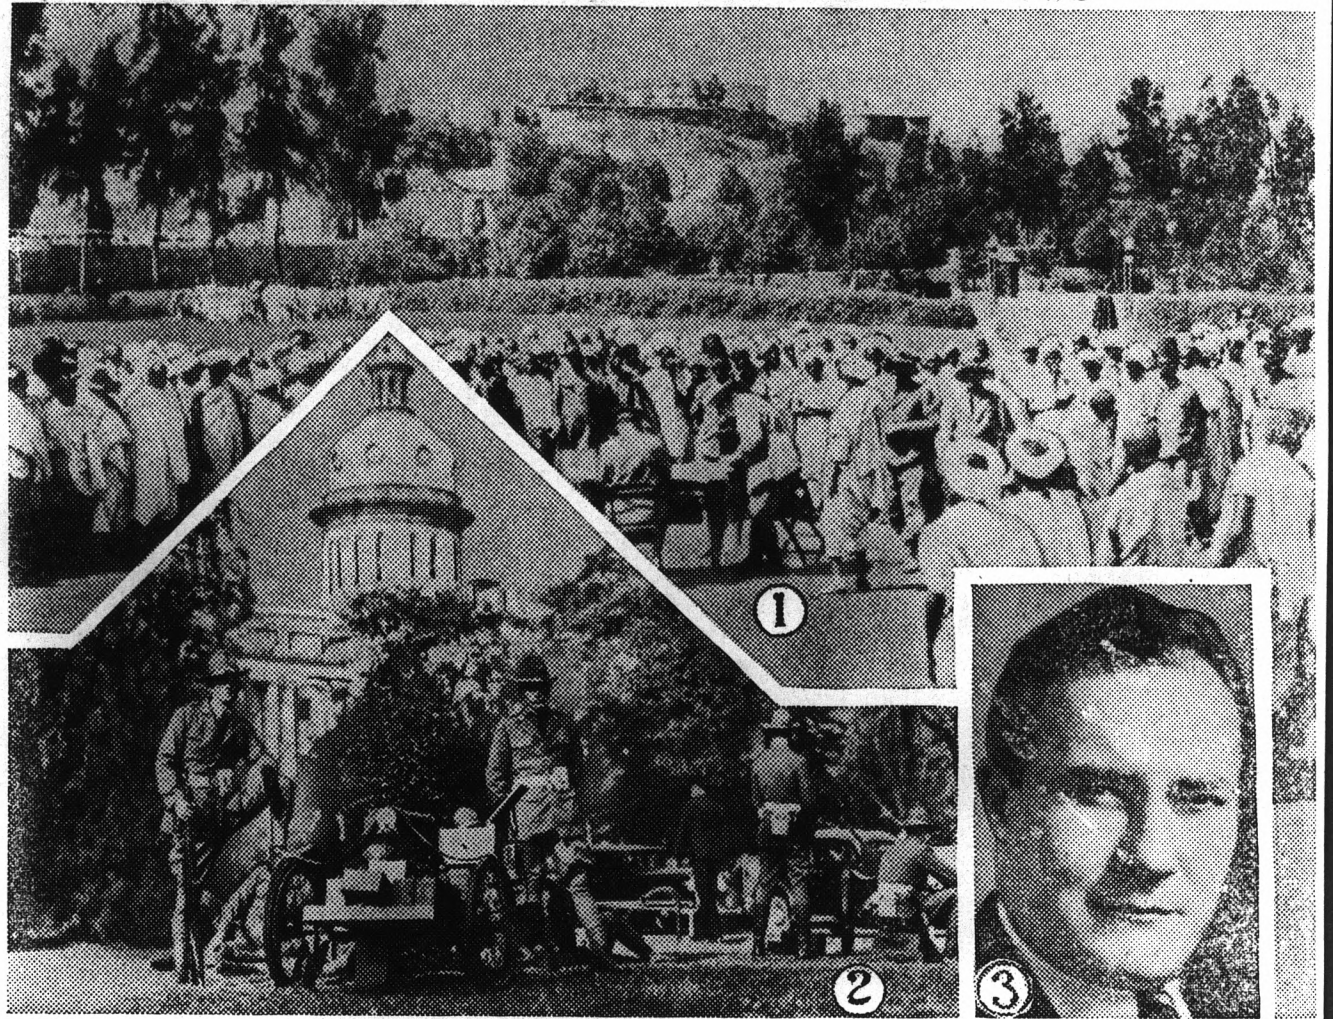

Frank B. Bane, director of the American Welfare association, who has been named to direct the federal social security board. He already has plunged into the task of assembling a mass of information and giving technical data to state officials on unemployment compensation, old age pensions, blind persons and aid to dependent children.

## FORCEFUL GOVERNOR

Gov. Olin D. Johnston, who declared the South Carolina state highway commission "in a state of insurrection," and ordered National Guard machine gunners to keep the commissioners out of their office. He also named a board to supervise the affairs of the department.

## SCENES AND PERSONS IN THE CURRENT NEWS

1—Italian officials in Adowa, Ethiopia, liberating the slaves of Tigre province. 2—National Guard machine gun unit at offices of South Carolina highway department in Columbia after Gov. Olin Johnston ousted the commission. 3—Spruille Braden, appointed American ambassador-at-large for South & Central America.

## INDIAN MOUNDS IN GEORGIA ARE UNCOVERED

General view showing the Indian mounds brought to light near Macon, Ga., by archaeologists who have conducted the excavations with the aid of funds supplied by the government. The mounds are said to be among the most complete to be excavated in the United States.

## CAN YOU RECOGNIZE FORMER J. C. MEN?

These 15 sea scouts are realizing their dreams of adventure, for they have sailed from Miami, Fla., with Capt. Fred Lewis, explorer and scientist, on his motorship Stranger for a trip to tropical waters and by way of Panama to California. Most of the boys are from Laguna and Balboa, Calif., and New London, Conn.

## Lookin' 'Em Over

By Johnny Henry

### Davie Don's Chances

Driving into their next to the last league tilt tonight at the bowl, the Don team will not only be praying for their own victory, but will also be casting hopes that Riverside is playing the winning brand of ball that they have shown since their fracas with Santa Ana a few weeks back. Davie Don's chances of finishing the season in a deadlock with three other contenders lies in the hope that the Bengals are successful in rebuking the attack of the Citrus aggregation and then hitting a holiday slump on Thanksgiving, when they tangle with the Panthers from Chaffey. On top of this, Brother David will have to defeat both Pomona and Fullerton, no easy assignment.

### Riverside at Home

This situation, far-fetched as it might seem, still has it potentialities. Tonight's Owl-Bengal game is being staged at Riverside, and it is a well known fact that Riverside seldom loses a game on their own field. Chaffey upset the Santa Anans, who previously had stemmed the tide of the Tigers and have been improving consistently each week. This, on top of the fact that the Tiger-Panther game is scheduled for the Chaffey gridiron, gives the boys from Ontario a better chance of upsetting Jess Mortensen's apple cart.

### Big Assignment

In the event that this is the case with the tricky Tigers, all that Cook and his men have to do is to stem Pomona, which should be possible on the face of the comparison of the season's performances for both teams, and then take the Nunmen into camp.

From the past we have learned that the dope bucket gets pretty tippy in this sort of a grudge battle. . . all we can do for the present is hope that the boys will regain the drive and spirit that they revealed in the Riverside skirmish.

### Over the Slump

In the event there is a four way tie in the league race, the Dons can't play any more of the type of ball they showed at Ontario and against Citrus and expect favorable results. However, they have partially recovered from their mid-season slump.

## WAA Play Day Plans Are Being Formulated Here

Plans are now being made by the W. A. A. for entertaining the Long Beach Compton, and Fullerton junior college women at a sportsday to be held Dec. 4.

Teams from each jaysee will play basketball, tennis, and volleyball matches and immediately following the games a picnic lunch will be served.

## How They Stand

	W.	L.	Pct.
Riverside	3	1	750.
Citrus	3	1	750.
Chaffey	3	2	600.
SANTA ANA	2	2	500.
San Bernardino	2	3	400.
Fullerton	2	3	400.
Pomona	1	3	250.

## Letter Issue Vote Called

## Constitution Faces Minor Amendment On Letter Problem

## Board Rescinds Former Action On Swimmers

Associated Students will vote on a constitutional amendment concerning the awarding of sports monograms Nov. 21, it was disclosed today by Allan Mackay, commissioner of men's athletics. If the proposed amendment is passed all sports, major and minor, will receive seven inch letters.

This issue was raised when the swimming team requested large monograms for its activities last spring, in view of the fact that it had won the Eastern division championship. The executive board twice passed measures to award seven inch monograms to this team, but the actions were rescinded because of their unconstitutionality, and the amendment to the constitution vote was declared in order.

Mackay, who submitted the amendment stated that the members of the tennis team had been given the larger monograms for the past two years through negligence on the part of other boards in not referring to the document. He also pointed out the favorability of this movement, citing that Santa Ana was the only college in this section of the country who still made the two distinctions in the letters, the others having dropped the plan several years hence.

All Associated Students are urged to place a ballot on the issue on the twenty-first.

## Basketeers Stress Ball Handling

Stressing the value of good ball handling, Coach Al Reboin sent his basketball charges through several fundamental plays and drills in preparation for the first real test carded next week against the Concordia club at Orange. Coach Reboin expects to give every promising casaber out for the squad a chance to display his ability in the practice skirmish.

With lettermen Tom Lacy, Fred Erdhaus, Johnny Henry, and La Vern Brower back this year, and with such promising new candidates as Bob Browning, "Kenny" Nissley, Russel Fury, "Tay" Riggs, and "Len" Lockhardt reporting, prospects for a winning team this year seem unusually bright.

Practice suits were issued Thursday night before a hustling scrimmage with the Santa Ana high school. Coach Reboin stated that the U. S. C. Trobabe tilt had definitely been scheduled and will appear on the card in January. The coach, players, and those interested in the team are hoping new uniforms can be secured in time for this game so that the impression Santa Ana jaysee makes up there this year will be more vivid.

At Wake Forest college they define a kiss as follows: "A kiss is a symbol of pure affection, or a blister of burning passion, or a smoke-screen of evil design."

### He's Coach Now

"Webb" Anderson, all-conference back of the past two seasons, will assist Bill Cook with the backfield.

## Padres Drop Tight Game To Uclans

Scoring the all-important points in the last four minutes of play in the fourth quarter, the U. C. L. A. freshmen lowered the Don colors to the tune of 7-0 in Friday night's nocturnal contest in the local bowl.

A 45-yard jaunt by Harold Hershon over the Uclan left end provided the margin of victory after 56 minutes of hard and deceptive playing, mostly on the part of the Bruin Cubs. Don Brown, son of the famous comedian, added the extra point from placement.

A few minutes after successfully repelling a Cub sustained drive of 72 yards on the Don eight yard stripe, Bruce Harnois fired a pass which was intercepted by a freshman back on Santa Ana's 44. Two plays netted a first down to the 30 yard line. A five yard gain then a clipping penalty set the stage for the fleet Uclan halfback's sparkling run through the entire Padre team. The Don safety, the last man in Hershon's way was taken out by a Cub blocker just as he was about to overtake him.

## Handball Players Will Compete In Tournament

Inauguration of a men's doubles handball tournament to be held on the 'Y' court will take form next week as soon as a few more partners denote their intentions to play. The tournament will automatically

## Welcome Stranger

Coach and Mrs. A. J. Cook are today being congratulated as the parents of a daughter, born to them at St. Joseph's hospital early this week.

Mrs. Cook and the new addition to the local coach's family were reported late today as "doing nicely." At present time no news had been given out as to the name of the child.

**PAT & BUD**

Richfield . . . Rocket  
Second and Spurgeon

## GRIDLITES

### BOB SPRAY

Known as Santa Ana's towering center, Bob Spray, 175 pound six-one pivot man, is a standout in the Dons forward wall. Bob varsitied at Tustin high for three years and brought with him to Santa Ana his ability as an accurate center and defensive player. He particularly delights in intercepting opponents passes, for it is not unusual to see him leap high into the atmosphere and pluck the porkhike from the very embarrassed hands of a would-be receiver.

### JOHN LEHNHARDT

Lehnhardt is a former Garden Grove star and very capable player in the Don backfield. At outside half he clears the way for the ball carrier, for his blocking ability is outstanding. At fullback he plows into the line like a pile driver and is a thorn in the sides of the opponents when he carries the mail on reverses. Lenhardt is a husky weighing close to 180, and being a freshman, will suit up again next fall for the Dons.

### AL TITENSOR

Up from the Santa Ana Saints. Al, a frosh right end, has enough stamina to last 60 minutes in every ball game. Dependable and steady he enjoys in wrapping his arms around the legs of opponent ball carriers and is one of the best defensive men on the entire squad.

As hard a player as ever wore a football suit, Titensor will find his berth open for him again next year on the Padre eleven.

### BILL GRESHNER

Bill is perhaps the most versatile athlete on the squad. Hailing from Newport Harbor high, Greshner boasts many, many medals and ribbons which he won on the track. He captured three first places in the Orange League meet in 1934, winning the high hurdles, shot put, and high jump. His speed has run down many passes. As end his open field running has netted lots of yardage for the Dons. Although a shoulder injury has benched him to a certain extent, he has seen his share of action.

ally run itself by the process of elimination. Two or three matches will be played each day, and a record of the winners will be kept by the Sports department of El Don

## Dons Are Favored Over Red Raiders In Nocturnal Tilt

## Recoveries Will Assist Cookmen In Battle

Pomona's Cossack horde rides tonight.

Coach Roy Riegels brings his cellar team to the local bowl tonight in a conference semi-windup affair with Bill Cook's Santa Anans.

The Red Raiders are out for blood was the warning issued to the Don squad by Mentor Cook last night. Cook stated that although the Pomonans have been occupying the cellar position in the conference, being drubbed by practically every league opponent that they have met, they have always presented a hard fighting team that does not become beaten until after the final gun has sounded. A moment let-up on the part of the opposition and a crimson clad player has slipped out and gone home to pay dirt.

The Padres, for the first time in several weeks, will appear in their full strength, with all of the injured 'first stringers' back into the lineup.

### Open Play

Cook has been drilling his charges on an open type of football in preparation for his final three efforts of the season, innovating several new plays which will require full strength in the line. He has been trying several different combinations in the backfield and has not definitely decided who he will start. Indications are, however, that Harnois, Anderson, McCarter, and Herbert will all see some action at the signal caller's post, with Moore, Hickman, and Lehnhardt likely to round out the backfield.

The game is called for eight o'clock at the Municipal Bowl.

## Don Dirt

Now that Jo Green and Preston Piper about have it settled Piper ups and pops the question about the Bachelor's Ball to Polly Angne. A situation like this will bear watching.

And another thing that will bear watching is Coty's new Air-Spun powder. The boss has it on sale at one seed, kopec, iron man, dollar, per copy. No foolin' it's really the thing. Drop up and let's find out why it really would be a good investment.

Going home from work Sunday at 1:01 a. m., we saw Chris Ema and Ruth Warner entwined in the front seat of Chris' Model A; Mary Knoche seems to have a guilty consciousness about last Sunday night; and we won't stop to name those 600 jaysee studes who were at the Rendezvous Sunday; But Boosey and the rest were there.

Wib Anderson and Betty Martin are slated to go to the Brawl together and Koepsel will take Yvonne, the only one, from Costa Mesa, Adelia McVey will plunk down the flag for the privilege of taking Bob Ramm.

We'll have a complete list of guys and gals to go next week.

**GUARD'S**

## Annual Christmas Card Sale Planned By Alpha Rho Tau

Alpha Rho Tau, college art society, will follow its annual custom of sponsoring a Christmas sale, Audrey McDonald, club president reported today.

Each club member is preparing an original Christmas design under the guidance of Miss Frances Egge and Miss Lucinda Griffith, art instructors. The cards will be prepared either by block printing or by a special blue print process.

Many of the greeting cards will be exhibited in the near future in the main showcase. It is believed that they will range in price from three to fifteen cents. Orders will be taken by individual club members and the advisers.

Armand Hansen, who has been made publicity director for the sale, said that advertising would start in the near future. He added that the project was most successful last year.

## Zoology Oddities Displayed By Bruff

Rare snake that climbs trees, and desert tortoises with intricate designs on their backs have been brought into the zoological laboratory of J. Russell Bruff within the last quarter. The reptile, a form of California gopher snake, is now lodging in the Snakitorium in Laguna Beach, where unusual reptiles of all kinds are kept for the public to see.

Tarantulas, black widow spiders, and the home of a trap door spider have made their way into the science building. The trap door spider found by a party of local surveyors was taken from its lodging in the ground without disrupting the fine net work of the home in which it lives. The spider is about the size of a silver dollar when it is spread out and closely resembles a tarantula in appearance. The home goes into the ground about eight inches and is made of a very finely spun silken web.

## Birthday Of California Governor Recalled By El Don

(Continued from page 1)  
lature a message resigning his office of governor.

### Was Tall, Lean Man

Burnett was in person tall and spare, but strong and rugged. He was very abstemious in his habits and believed in never entirely satisfying his appetite. He was of cheerful disposition, usually earnest but sometimes sportive in conversation, and fond of reminiscences and anecdotes.

After his resignation of the office of governor, he practiced law for a few years and in 1857 was appointed a justice of the supreme court of California by Governor Johnson.

After the expiration of his incumbency of that office, he became a banker in San Francisco and continued in that line until his final retirement from active business. On May 27, 1895 he passed away at San Francisco, but his name is written deeply in the history of California and the stirring saga of its individualistic leaders.

## Fullerton Staff Writes El Don

(El Don editors are in receipt of the following letter from the staff of the Fullerton junior college's Weekly Torch. El Don regrets that this exact reproduction of the inland letter belittles the Orange Daily News, staunch supporter of the junior college movement here, especially since many Orange students attend Fullerton jaysee.)

ANNUAL TORCH FULLERTON DISTRICT JUNIOR COLLEGE PUBLICATIONS OFFICE Fullerton, California

November 7, 1935

Editors, El Don  
Santa Ana Junior College  
Santa Ana, California

Dears Sirs and Gentlemen (?):

It has been brought to our attention that we have not been receiving our weakly exchange copies of el don. We are very anxious to keep our exchange files up to date and since the Santa Ana paper is by its own acclaim the most progressive junior college newspaper in existence we are, naturally, doubly eager to have it in the TORCH office.

We can not understand why you have not sent us a copy of last week's paper (the one in which your evolutionary news-picture page was to rock the journalistic world.) (We only heard about it thru Orange Daily Snooze)

Truthfully enough, your photograph idea does smack of some fourth-estate merit, but we are quite frankly dubious as to its worth in the junior college field.

Hoping to be again placed on your exchange list we remain

Yours Truly,

The Staff

(Note: According to The Torch, the staff at Fullerton is composed of Benny Hitt, Willis Jolly, Robert Baron, Wilbur Korsmeier, Margaret Longshore, Franklin Harris, Anna Joyce Rhodes, Lucina Maag, Tom McMaster, and Frank Guirado.)

## Director D. K. Hammond Explains Subsidy System Here

The subsidies system employed here, as explained by D. K. Hammond, director and dean of the college, is used to give the Associated Students some return for their ducats.

Money received from the student body tickets is placed in the treasury. If one of the groups or clubs of the college is sponsoring a function which will be beneficial to the whole college but which it does not have funds to put it over, the club is given a subsidy. This subsidy method allows many activities to take place that would not otherwise be possible and gives the student more in return for the money spent on his ticket.

## Frosh English Classes Surveyed This Week

A tally taken from a representative body of students of the freshman English classes reveals that about one-third are natives of California, and that one-third of that number are Santa Anans by birth. Los Angeles, Eagle Rock, Anaheim, Redlands, Glendale, and Coalinga are also represented.

Michigan ranks second in representation, with four out of the twenty-four students giving that state as their birthplace. The list, compiled by Thomas H. Glenn from autobiographies written in his English 1A, Section VII, class, also contains the state of Kansas, with two, and Wyoming, North Dakota, Minnesota, Iowa, Illinois, Oklahoma, Arizona, New York, and Nebraska, each with one.

California and the stirring saga of its individualistic leaders.

EL DON  
College Weekly Newspaper

a pencil, thrust the treasured autographed scrap of cardboard in my pocket a few moments later, and walked off the field in a daze. If it wouldn't sound so sentimental for a male, one might say this father and son business was kind of beautiful.

Then about five minutes before the final gun, I was glad when U. C. L. A. converted after they made the only touchdown in the game. I was glad for Joe E. Brown.

It was his son that booted the pigskin between the posts, thus making the final score 7 to 0 in U. C. L. A.'s favor.

## China Found Originator of Present Examination System

By Dorothy Grisct

For the past week the library, the lounges and all the other available places of study have been doing their best business and most local students are walking around with a troubled look on their faces. But do you ever stop to wonder who started the idea of exams?

Well, the oldest known system of examinations was that used in China in 1115 B. C. The examinations of Western countries originated in the universities of the middle ages. The earliest exams of which anything is known definitely were held at Bologna in 1219.

The student studied for six years (compare that to our overnight cramming) and then was subjected to questions fired at him from his professors for at least two hours, but even then he was not through. He had to make a speech in public defending his thesis which he also had to write.

So wipe the frown off your map and give thanks that you were not born several hundred years ago when an exam was an exam and not a snap.

And today you can be glad that all this stuff will be over for another quarter.

## Jaysee Journalists To Attend Meet At Long Beach Jaysee

Four local delegates to the annual Southern California junior college journalism convention will leave tomorrow morning for Long Beach where this season's conclave is being staged.

Headed by John H. McCoy, journalism adviser, the local contingent will consist of John Rabe, editor of El Don, Walt Bandick, associate editor of the college weekly, and Charles Kiser, advertising manager.

Discussion groups for editors and business managers are slated to be held in the morning and awards for the best articles in specified divisions will be given during the luncheon hour.

## Essex Caves Visited By Local Geologists

Culminating their trip with a visit to the Essex caves, thirty-four local geologists returned Monday from their four day field trip on the Mojave desert.

The party toured three of the large limestone caverns which were at one time inhabited by Indians.

They devoted one day to studying the Pisgah volcano, lava flows, and lava caves. On the return trip the group stopped at the Amboy salt beds.

## Former Jaysee Debaters To Receive Awards

Debate awards are to be given soon to last year's debaters who are Claude Owens, Harold Woodward, and Robert Tannenbaum.

The board has allowed \$2.50 for each award which will probably be a pin. According to Al Markel, commissioner of forensics, the pin is a key with a scroll on it and a small gavel attached.
